WHAT WE TRAIN ON!

Our weekly training calls are built to take agents from day one to top producer. We cover onboarding, expectations, promotions, compensation, licensing, and carrier access, then shift into high-level sales training, mindset, and closing strategies.

Agents receive direct product training from top carriers across term, final expense, indexed universal life, and annuities. We sharpen skills through live objection handling, script training, and role-play to build real confidence and consistency. Every week ends with an open Agency Call to remove roadblocks, create clarity, and keep momentum high.

OUR CARRIER PARTNERS

QUALITY OVER QUANTITY

At BreezeFG, we embrace the philosophy that being everything to everyone is impractical. Consequently, we deliberately limit our partnerships with insurance carriers, avoiding dilution of our product portfolio. Instead, we concentrate our efforts and loyalty on a select group of about a dozen premier companies. These esteemed partners specialize in sought-after products such as IUL, term life insurance, and Indexed Annuities.

Our commitment to quality over quantity is underscored by our rigorous selection criteria for insurance carriers. Only those with an exceptional rating in the insurance industry make the cut. We prioritize reputations and financial strength, recognizing their significance not only to us but also to our clients. The diverse product offerings from our carriers empower our agents with the flexibility needed to effectively represent us in the field. At BreezeFG, our belief is simple: OUR PARTNERS MAKE US BETTER.
